Mattie Looman Won, While Can't Tell and Bessie K. Ran a Dead Heat.

Supervisor and Kaloolah Were the Other Winners.

CLIFTON RACE TRACK, Nov. 27.—The patrons of Clifton are wondering when they will have a spell of dry weather, and are seriously thinking of sending a petition to the chief of the Weather Bureau asking him to put forth his best efforts for a fine day to-morrow.

The bookmakers were not daunted by the weather, as thirty of them drew for positions to-day. The crowd, however, was not up to yesterday's figures.

Backers of favorites are having a hard time of it, as Seattle in the first and Annette in the second, both ran unplaced. The latter broke down in her near finish.

Mattie Looman was an equal with Can't Tell for the third, and as Mattie Looman won and Can't Tell made a dead heat for the place with Bessie K., the latter got some of their money back.

INDICTED.

Another Stride Taken Towards the Trial of Hanna Southworth.

True Bill Against Her for Murder in the First Degree.

Arraigned Before Recorder Smyth in General Sessions.

She Pleads "Not Guilty" of Murdering Pettus and Is Taken Back to the Tombs.

All the evidence in the Pettus murder case was placed before the Grand Jury before 11:30 this morning.

It was completed by the testimony of Dr. Jenkins, the coroner's physician, who went before the Grand Jury as soon as it had convened at 11 o'clock, and the other witnesses who appeared before Coroner Levy at the inquest having given their testimony yesterday.

Upon this evidence an indictment for murder in the first degree was found against Mrs. Hanna B. Southworth.

Foreman Little handed the Southworth indictment, among others, to Recorder Smyth in Part I of General Sessions at about 1 o'clock.

The Recorder at once discharged the jurymen and began a conference with Mr. Howe and District-Attorney Fellows, both of whom had come inside the railing, and appeared to be full of important business.

The Recorder selected a paper from the lunch of indictments, and after looking it over, wrote something on a slip of paper and gave it to the District-Attorney, who hurried away with it out of court.

It was an order directing that Mrs. Southworth should be brought immediately from the Tombs to the Court of General Sessions, there to plead.

The order was executed without any delay.

RECORDED FROM THE TOMBS.

Mrs. Southworth arrived at the Court-House within fifteen minutes after the order was issued.

She was brought over from the Tombs in a coach, accompanied by a court officer and Mr. Durant, of Howe & Hummel's office.

Recorder Smyth interrupted the case which he was trying when it was announced at 1:40 that the prisoner was ready to appear before the bar.

The narrow corridors of the Court-House were crowded and the woman was stared at by hundreds as she made her way from Col. Fellows' private office to the court-room.

PALE, FEEBLE AND HAGGARD.

As she entered, leaning upon Mr. Durant's arm, she walked heavily and seemed to be more feeble than yesterday.

Her face was very pale and haggard, but it flashed brightly when Mr. Howe greeted her as she came before the bar.

Her counsel in a whisper urged her to keep up her courage, and told her that the ordeal would soon be over.

She looked up at the Recorder with a frightened glance and then at Clerk Hall, as he called out in a loud tone:

"Hanna B. Southworth to the bar!"

"She is here, Your Honor," replied Mr. Howe.

"Hanna Southworth," continued the clerk, you are indicted for murder in the first degree for killing one Stephen Pettus with pistol, powder and bullet; how do you plead?"

Mrs. Southworth did not answer.

"She pleads not guilty," said Mr. Howe, "and I will offer to arrange with the District-Attorney for as speedy a trial as possible."

"I propose to try this case at the December term, Your Honor," replied Col. Fellows.

Recorder Smyth then signed an order recommending Mrs. Southworth to the Tombs with bail to await her trial at such date.

She was immediately taken back to prison.

Her mother accompanied her to the court, and she might escape into the hysterical condition which she manifested when she was first arrested, owing to the excitement attending her appearance in public.

Mr. Howe said the morning that she was even calmer than she was yesterday, and since the proceedings before the coroner she had shown decided satisfaction with the result.

She seemed to be a victim of a feeling of great relief now that the first ordeal had been passed, and apparently did not dread anything that might follow.

THE PIER CAVED IN.

Chief Engineer Greene Was Warned that the Plans Were Defective.

Commissioners of Accounts Holahan and Barker do not propose to be balked in their efforts to find out how the enormous patronage of the Dock Department is managed by the refusal of witnesses before the Board to answer questions put to them regarding the very heart and soul of the subject.

Corporation Counsel Clark is busily preparing the legal papers for a motion he will make before Judge Patterson in Supreme Court Chambers on Friday, to compel Col. John O'Dwyer to divulge the secret of that \$13,000 contract for the building of the new pier at the foot of the East River.

The day will be there, and they will be given an opportunity to tell all they know about the Dock Department, and if they feel they know any more in proportion than the employees and executive officers of the Department there will be no flood of consoling dashed upon the public.

William B. Howe, a real estate appraiser, said he could make a report on the rental value of every portion of the water front of the city in sixty days, and he will probably be employed for that purpose.

This branch of the business necessitated a brief session of the investigators in the office of the Commissioners of Accounts to-day.

One witness, a contractor, was called to tell what he knew about a certain Harlem River pier which fell into the river about as soon as its construction was completed.

It was built exactly in accordance with the plans, specifications and instructions prepared by Chief Engineer Greene, of the Dock Board, and collapsed of its own weight.

Mr. Adams got Robert L. Wiley to send an architect, and accordingly a man named Smith was sent. Smith made plans and then Adams called in James C. Leary, a practical dock builder.

The Smith plans had been endorsed by Chief Engineer Greene, but they did not look right.

WHICH IS IT?

Much Speculation On the Result of To-Morrow's Football Match.

COLLEGIANS ENTHUSIASTIC.

Probably 25,000 People Will See the Princeton-Yale Game.

Both Teams Will Arrive in the City This Evening.

College students, those who have been college students, those who intend to be college students and others who have friends who are, have been or will be college students, are all aglow with pleasurable excitement to-day.

So is an enormous proportion of athletically inclined young men who have never been interested in any way in any college.

Why? Because to-morrow afternoon at the Berkeley Oval, Morris Dock, the two leading football teams of this country will strive for the mastery.

And it will be a veritable battle of the giants.

The hotels are filling rapidly with the sisters, cousins and aunts and little brothers of the college boys, and to-night there will be a plethora of the college element in town.

Stately young fellows and like-minded youths with long hair and leather and leather-rubber will start out to see the night of Gotham with all the energy characteristic of collegians.

The Yale team will arrive in town to-night and rally, with their admirers, about the corridors of the Fifth Avenue Hotel.

There is intense interest in the result of to-morrow's football match, and the Princeton team will make the Brooklynites their rallying point.

"HOME AGAIN."

Escape of a Noted Convict from the Judge Wheeler Made the Noted Burglar Free for a Few Minutes.

Brooklyn Black Maria.

It leaked out to-day that James Furman, alias "Spotted Jim," a noted colored ex-convict, who was convicted yesterday on a charge of threatening to shoot John Lynch and four others, and sentenced to one year in the Kings County Penitentiary and also to pay a fine of \$500, escaped from the prison van in charge of Driver Thomas Kenny while on the way from the Court to Raymond Street Jail, Brooklyn.

In the van were six other male prisoners and four females. The females are separated from the males in the van by a wooden partition, and are seated behind the driver, while the male prisoners are located in the rear.

All the prisoners were safely secured in the van in front of the Gates Avenue Court-House, and the driver started on his journey to the jail.

The van, which was a small, open-top vehicle, was crowded with prisoners, and the driver, who was a colored man, was seated in the front.

SMALL CROWD IN THE RAIN.

The First Day the Dwyers Have Lost Money at Elizabeth.

Tipstaff, Re-Echo and Tulla Black-burn Other Winners.

CLIFTON RACE TRACK, Nov. 27.—One more for the list of gloomy race days. Still the New Jersey Jockey Club, after a day's postponement, decided to race rain or shine.

The card was run off in the midst of pouring rain, which, to make matters worse, blew directly into the stand, making a dry seat there an impossibility and driving to shelter the few ladies who are present.

It, of course, shows in the attendance, which is very light, and it is safe to say it is the first day the Dwyers have run to a loss.

The ring, however, looks bare, for but nineteen of the regulars are at work.

FIRST RACE.
